AGELESS

Medlyfe's evening

FOR	Medlyfe and the team
FROM	Consult for Africa
AS AT	8 October 2026

In short

- This is Medlyfe's evening. It establishes Medlyfe as the place in Lagos for health, beauty and longevity.
- Cocktail evening at the Capital Club, Lagos, Wednesday 21 October 2026.
- Arrival 6:00pm, programme 6:30pm to 8:15pm, close 9:30pm. Seventy guests, Lagos women and men over forty.
- The evening shows Medlyfe's range: longevity, metabolic health, hormones, skin and aesthetics.
- Dr Chinwe Kpaduwa sits on the panel.
- Built to recur. This is edition one.

The argument

- Medlyfe treats longevity, metabolic health, hormones, skin and aesthetics in one place.
- Medlyfe already does the inside: longevity, infusion, metabolic health, preventive care.
- The panel is that argument made in public, by people with the credentials to be believed.
- Nobody in this room has had the whole subject explained by people who actually know.

Three names, three jobs

Name	What it is
AGELESS	MedLYFE's platform, built to recur
A New Era of Health, Beauty and Longevity	MedLYFE's proposition
The Ageless Blueprint	The panel

Three names, three jobs. Keeping them apart is what lets edition two reuse everything except the panel.

Ninety minutes of programme. Arrival and After Hours are long on purpose, because that is where guests talk to the clinicians.

How guests get in

- They register interest at consultforafrica.com/lyfe.
- We choose who is invited from that list.
