AGELESS

MC pack

FOR	Olive Emodi, Master of Ceremonies
FROM	MedLYFE Wellness and Longevity Centre, with Consult for Africa
EVENING	Wednesday, 21 October 2026

In short

- Wednesday 21 October, Capital Club, 6 Elsie Femi Pearse Street, Victoria Island. Please be in the room by 5:30pm for a sound check and a walk of the stage.
- Seventy invited guests, women and men who care about prevention, performance, skin and ageing well. Smart casual.
- You hold the evening together: the welcome, every hand-off, the time, and the close. The panel itself is chaired by Dr Debo Odulana.
- The programme runs 6:30pm to 8:15pm. After Hours runs to 9:30pm.
- Every line you need to read aloud is in this pack. Use your own words wherever you prefer.

The evening in one line

AGELESS is MedLYFE's evening on how modern science is changing the way we look, feel, perform and live as we age. It is the first edition of a series.

Running order and your cues

Time	What happens	You
5:30	MC and speakers arrive	Sound check, walk the stage, meet the chair
6:00	Guests arrive. Music, photographs, drinks	Mingle. No stage work
6:25		Five-minute call: ask guests to take their seats
6:30	Welcome	Welcome, house notes, introduce the opening film
6:30	The opening film, 10 minutes	Off stage
6:40	Can We Live to 100 and Still Live Well? Dr Adedotun Ajelabi, 20 minutes	Introduce Dr Ajelabi
7:00	The panel: The Ageless Blueprint, 45 minutes	Introduce the chair and the panel, hand to Dr Odulana
7:45	Questions from the room, 30 minutes	Run the roving microphone; the chair picks the questions
8:15	Vote of thanks: Dr Itunu Akinware, Group Chief Executive, Medbury Healthcare Group, 5 minutes	Introduce Dr Akinware
8:20	Close of programme	Thank Dr Akinware, announce After Hours
8:20	Ageless After Hours	Off stage. Close at 9:30

What to say

6:30 Welcome

Good evening, ladies and gentlemen, and welcome to AGELESS.

My name is Olive Emodi, and it is my pleasure to be your host tonight.

AGELESS is an evening on a simple question: how do we look good, feel well and live well as we age? Tonight you will hear from doctors and practitioners who work on that question every day, from longevity medicine and metabolism to fitness, stress and skin. You should leave with things you can do this week, not just ideas.

Tonight is hosted by MedLYFE Wellness and Longevity Centre and The Lyfe Place.

A few quick notes. Please put your phones on silent. Photographs are welcome during the programme, but please no flash. There will be time for your questions after the panel, and a microphone will come to you. And after the programme, stay with us for Ageless After Hours, when the clinicians and speakers will be in the room to talk with you.

To begin, a short film.

6:40 Introducing Dr Ajelabi

Our opening address asks the question behind the whole evening: can we live to 100 and still live well?

Dr Adedotun Ajelabi is Head of Medicals at MedLYFE Wellness and Longevity Centre. She is a Consultant Family Physician and a Fellow of the West African College of Physicians, with specialist training in longevity medicine through the American Board of Longevity Medicine. Her work is about moving healthcare from treating disease to preventing it.

Please welcome Dr Adedotun Ajelabi.

When she finishes: Thank you, Dr Ajelabi.

7:00 Introducing the panel

Now to the heart of the evening, our panel: The Ageless Blueprint, practical steps to look good, feel well and live well as you age.

Please welcome to the stage:

- Dr Timi Adenuga, Lead Bariatric and Laparoscopic Surgeon at GetSlim Nigeria, who has performed more than a thousand weight-loss procedures. He speaks on weight, metabolism and longevity.
- Gbemi Giwa, award-winning fitness and nutrition coach and founder of the African Fat Loss Method. She speaks on lifestyle and behaviour change.
- Joycee Awosika, founder and Managing Director of the ORÍKÌ Group, with more than sixteen wellness destinations across four countries. She speaks on stress, self-care and recovery.
- Dr Chinwe Kpaduwa, a plastic surgeon board certified in the United States and a Fellow of the American College of Surgeons. She speaks on skin, aesthetics and ageing well, for women and men.

Chairing the panel is Dr Debo Odulana, a physician and Founding Partner of Consult for Africa, with sixteen years in hospital leadership across Africa, the Middle East and the UK.

Dr Odulana, over to you.

7:45 Questions from the room

Dr Odulana takes the questions from the stage. You run the microphone and keep the room moving.

- Ask each guest to give their first name and keep to one question.
- If a guest starts describing their own medical case, gently suggest they speak to the clinicians at After Hours.
- At 8:10, signal the chair: last two questions.

8:15 Vote of thanks

Ladies and gentlemen, please join me in thanking our speakers: Dr Ajelabi, Dr Adenuga, Gbemi Giwa, Joycee Awosika, Dr Kpaduwa, and our chair, Dr Odulana.

To give the vote of thanks, it is my pleasure to welcome the Group Chief Executive of Medbury Healthcare Group, the home of MedLYFE and The Lyfe Place. Please welcome Dr Itunu Akinware.

When she finishes: Thank you, Dr Akinware.

8:20 Close

The evening is not over. Ageless After Hours starts now: drinks, music, and the chance to talk to tonight's clinicians and speakers. Every guest goes home with an Ageless takeaway, so please collect yours on the way out.

Thank you, and enjoy the rest of the evening.

The names, said right

Name	Say it
Dr Adedotun Ajelabi	ah-deh-DOH-toon ah-jeh-LAH-bee
Dr Timi Adenuga	TEE-mee ah-deh-NOO-gah
Gbemi Giwa	GBEH-mee GEE-wah
Joycee Awosika	JOY-see ah-WOH-see-kah (two e's in Joycee)
ORÍKÌ	oh-REE-kee
Dr Chinwe Kpaduwa	CHIN-weh kpah-DOO-wah
Dr Debo Odulana	DEH-boh oh-doo-LAH-nah
Dr Itunu Akinware	ee-TOO-noo ah-KEEN-wah-reh
MedLYFE	med-LIFE

Please check each one with the speaker at the sound check.

Who is who

Role	Who

Opening address	Dr Adedotun Ajelabi, Head of Medicals, MedLYFE
Panel chair	Dr Debo Odulana, Consult for Africa
Panel	Dr Timi Adenuga, Gbemi Giwa, Joycee Awosika, Dr Chinwe Kpaduwa

About MedLYFE

If you need a line on the host:

- What it is: a wellness and longevity centre at 25 Admiralty Way, Lekki Phase 1, Lagos.
- The idea: healthcare should not begin when something goes wrong. MedLYFE combines preventive medicine, advanced diagnostics, longevity science, metabolic health and personalised lifestyle medicine.

- What it offers: longevity and preventive health, metabolic and weight health, functional medicine, hormone and sexual health for women and men, supplementation, aesthetics and skin health, and wellness technologies.
- Its line: the ultimate luxury is not simply living longer. It is living better for longer.
- Contact: +234 911 981 9727, info@medlyfewellness.com, @medlyfe_wellness on Instagram.

The Lyfe Place is the group's wellness park in development: one destination where longevity medicine, fitness, nutrition, aesthetics and recovery sit side by side. MedLYFE moves in when it opens.

Rules for the stage

These come from the regulators, and they apply to everything said from the stage.

- No drug or product brand names. Say "weight-loss medicines", not a brand.
- No promises of results.
- No pitching. Doctors may not advertise themselves, so introductions describe what people do, not what they sell.
- If the conversation turns to who may perform which procedure, it moves on. That is a live regulatory question in Lagos.

Timing

- The panel has four speakers in 45 minutes, about eleven minutes each. The chair keeps time inside the panel.
- If the opening address or the panel runs over, take the time out of the questions, not out of the vote of thanks or After Hours.
- The programme must close by 8:20pm.

On the night

What	Who
Venue and run of show	Sally
Panel and speakers	Dr Debo Odulana
Film playback and microphones	Kakulus Media and the venue's AV team
