Promoter brief

In short

Sell an evening, not a seminar.

Cocktail evening at the Capital Club, Lagos, Wednesday 21 October. Seventy places. A panel, a fireside with a US board certified plastic surgeon, and an hour afterwards with the clinicians still in the room.

Send everyone to consultforafrica.com/lyfe. They register interest. We invite from that list.

We need names this week. Fifteen of the seventy are held for Medbury corporates, so fifty four are ours to fill. That needs about 110 invited.

Three things never to say

Never name a prescription product. No toxins, fillers or weight loss drugs by brand. ARCON fines start at ₦500,000 and the liability is ours.

Never promise a result. No before and after claims.

Never tell anyone their place is confirmed until they have had an invitation and used the link in it.

What we need from you

Names	About 110 invitees for the 54 open places. The most useful thing this week
Capital Club	Ask the club to mention it to members. Their list overlaps ours
Anyone interested	Send them to the page, not a notebook. The page puts them in the queue
