FACILITY ROUNDS · FOR CLINICIANS

She is doing rounds.

Dr Chinwe Kpaduwa is visiting primary care practices to meet the doctors she would work with, and to say in person what she does and where the line sits.

Tuesday 13 to Friday 16 October
IKOYI · VICTORIA ISLAND · LEKKI

Dr Chinwe Kpaduwa, MD FACS
Board certified plastic surgeon (ABPS)
Harvard educated, California trained

01 **She comes to you**
Thirty minutes at your facility, at a time that suits your list.

02 **A real clinical conversation**
What she does, what she will not do, and where the line sits between what you can manage and what needs surgery.

03 **A route that works both ways**
A named contact and a number that is answered. Your patient comes back to you with a letter.

Put your practice on the round.

Tick the times that suit you and we will call to confirm. No presentation and nothing to sign.
