AGELESS

Medlyfe's evening

FOR	Medlyfe and the team
FROM	Consult for Africa
AS AT	8 October 2026

In short

- This is Medlyfe's evening. It establishes Medlyfe as the place in Lagos for health, beauty and longevity.
- Cocktail evening at the Capital Club, Lagos, Wednesday 21 October 2026.
- Arrival 5:30pm, programme 6:45pm to 8:15pm, close 9:30pm. Seventy guests, Lagos women and men over forty.
- The evening shows Medlyfe's range: longevity, metabolic health, hormones, skin and aesthetics.
- Dr Chinwe Kpaduwa sits on the panel. One voice of six, not the headline.
- Built to recur. This is edition one.

The argument

- How you feel and how you look are one appointment, not two. That is what Medlyfe is built on.
- Medlyfe already does the inside: longevity, infusion, metabolic health, preventive care.
- The panel is that argument made in public, by people with the credentials to be believed.
- Nobody in this room has had the whole subject explained by people who actually know.

Three names, three jobs

Name	What it is
AGELESS	Medlyfe's platform, built to recur
A New Era of Health, Beauty and Longevity	Medlyfe's proposition
The New Science of Ageing Well	The panel

Three names, three jobs. Keeping them apart is what lets edition two reuse everything except the panel.

The running order

Time	What
5:30	Arrival and cocktails
6:45	Welcome and opening film
6:50	The range. Dr Ajelabi, 10 minutes
7:00	The panel, 50 minutes
7:50	What you can actually do
8:00	Questions from the room
8:15	After Hours. Close 9:30

Ninety minutes of programme. Arrival and After Hours are long on purpose, because that is where guests talk to the clinicians.

The stage

Role	Who
Opening address	Dr Adedotun Ajelabi, Clinical Lead, Medlyfe
In the chair	Dr Itunu Akinware, Chief Executive, Medbury Healthcare Group
Panel	Dr Timi Adenuga, GetSlim. Metabolism, weight, the new drugs
Panel	Gbemi Giwa, African Fat Loss Method. Food and body composition
Panel	Joycee Awosika, ORÍKÌ Group. Maintaining beauty and managing stress
Panel	Dr Chinwe Kpaduwa, MD FACS. Aesthetics, and hormones and the body

- The panel is experiential, delivered by people with the credentials to be believed.
- Every answer ends in something a guest can do that week.
- Medlyfe opens the evening and chairs the panel. Both of the most authoritative positions on the stage are Medlyfe's.

How guests get in

- They register interest at consultforafrica.com/lyfe.
- We choose who is invited from that list.
- The invitation carries a link belonging to that person.
- A place is held when they use the link, and at no other point.
- Seventy places, of which fifteen are held for Medbury corporates.
- The fifty four open places need an invited list of about 110.

Never tell anyone their place is confirmed before they have used their link.

Rules for the stage

Regulator	What it means
ARCON	No named prescription products. Fines from ■500,000, liability on Medlyfe not the speaker
MDCN	A doctor may not advertise herself. No pitching your own practice from the stage
NAFDAC	Toxins and fillers are prescription only. No brand names in public
HEFAMAA	Scope of practice is live in Lagos. Do not debate who may inject

Also:

- No before and after imagery.
- No outcome promises.
