STATUS

Draft 2. Not for client use

Private and confidential

To: Dr Chinwe Kpaduwa
From: Dr Debo Odulana, Founding Partner, Consult for Africa
Date: 16 October 2026
Subject: Lagos rate card, revised for your notes of 15 October

RECOMMENDATION

One all-in naira price per operation and treatment: 40% of Beverly Hills, at least 5% above the Lagos top, privacy included, never published.

N9.5m	N21.75m	N11.5m	N11,500
Upper and lower eyelids	Deep plane face and neck lift	Tummy tuck	Anti-wrinkle, per unit

Situation	You begin operating in Lagos for Nigerians aged 40 to 60 who want treatment kept private.
Complication	No surgical prices exist. Lagos providers mostly will not quote. The client's alternative is surgery abroad.
Question	What should each operation cost, include, and how should it be quoted?

THE ANSWER IN THREE POINTS

1 Price level	Surgery and dermatology at 40% of Beverly Hills; at least 5% above the highest Lagos quote
2 Inclusions	Everything in one price, privacy included; no bill after surgery
3 Quoting	Estimate on the phone; fixed written quote after consultation, valid 90 days; prices never published

Action: four decisions in section 04. Quotes to this week's patients go out now.

00 / YOUR NOTES OF 15 OCTOBER

What changed in this draft.

Your note	Change
Anti-wrinkle	Per unit, N11,500. Per-area prices removed.
Bio-remodelling	Renamed skin bio-remodelling: an injectable hyaluronic acid that hydrates and firms the skin rather than filling (Profhilo type). Remove if you do not offer it.
Threads	Removed from the card.
Overnight stay	Every line is a day case. Mommy makeover marked overnight only if over six hours.
Extended tummy tuck	Removed. It carries the incision round the flanks for loose skin past the hips, which is the weight-loss lift already left off.
Follow-up	Your schedule: weekly from one week until drains are out, two weeks where needed, then four weeks, eight weeks, four months, eight months, discharge.
Photographs	Used for marketing only with the patient's signed photography consent.
Publication	Prices never published. Estimates to callers; final quote after consultation to patients going ahead.
Lagos floor	At least 5% above the highest Lagos quote on every line that has one. 3 surgical lines raised.
MDCN pending	This week's patients receive their quote now. See section 04.

01 / PRICE LEVEL

40% of Beverly Hills, never below the Lagos top.

Comparison	London, Dubai, Los Angeles. Not Lagos clinics.
Basis	Your lowest Beverly Hills fee plus theatre and anaesthesia, at N1,550/$
Floor	5% above the highest Lagos quote held. 3 lines raised to meet it (marked *).
Dermatology	Same rule on your Beverly Hills medspa schedule. Earlier list price kept only where no benchmark exists.
Not on the card	Buttock fat transfer; lifts after major weight loss, including extended tummy tuck; thread lifts. IPL and ablative laser, pending your view.

PREMIUM OVER LAGOS CLINICS

Surgery	+6% to +7% over the most expensive Lagos quote; +25% to +154% over the cheapest

04 / DECISIONS REQUIRED

Four items; quoting does not wait for them.

Item	What is needed
Hospital rates	Partner hospital per-case charges being collected. Any line they do not cover will be flagged.
MDCN registration	Quotes issue now, including to patients seen this week, and do not mention registration. Internally, no deposit is taken and no date set until it is held.
Implants	Confirm your range and landed cost. Breast prices assume your standard implant.
Dermatology clinician	Name the registered clinician who delivers dermatology under your protocols.

APPENDIX A / METHODOLOGY

Each price is 40% of Beverly Hills all-in, rounded up, floored at the Lagos top.

Sources

Surgeon fees	Your Beverly Hills recommended professional fee schedule (KPPS pro forma)
Theatre, anaesthesia	KPPS time-tiered schedule: $2,100 for 1 hour to $8,600 for 7 hours
Lagos prices	Team price comparison report, October 2026: seven providers (Appendix B)
Exchange rate	N1,550 to the dollar

Steps

1 Beverly Hills all-in	Lowest recommended professional fee plus the lowest theatre and anaesthesia tier for the usual duration
2 Convert	At N1,550/$
3 Apply ratio	40%
4 Round up	To the next N250,000; N50,000 below N2m
5 Floor	Raise to 5% above the highest comparable Lagos quote, where one exists, then round up
6 Comparators	From-prices and grouped budgets are not used; surgery is compared with surgery only
7 Dermatology	Steps 1 to 5 on the medspa schedule, no theatre tier. No benchmark: website price kept

Worked example: breast reduction

Beverly Hills all-in	$10,000 fee + $4,350 theatre and anaesthesia = $14,350
In naira	$14,350 x N1,550 = N22.24m
At 40%	N8.9m, rounded up to N9m
Floor	Highest Lagos quote N10.5m (Provider B), plus 5% is N11.03m, so raised
Card price	N11.25m

Why 40%

Operation	Lagos quotes	Beverly Hills, naira	Lagos as % of Beverly Hills	This card
Breast reduction	N6.25m to N10.5m	N22.24m	28% to 47%	**51%**
Breast lift	N9m to N10.5m	N19.92m	45% to 53%	**56%**
Arm lift	N9m to N10.5m	N21.47m	42% to 49%	**52%**
Mommy makeover	N7.1m to N17m	N44.72m	16% to 38%	**40%**

- Lagos quotes sit at 16% to 53% of Beverly Hills all-in.
- 40% is in the upper part of that range; the floor keeps every line at least 5% above Lagos where Lagos is already higher.

- Theatre tiers for operations not in the KPPS case table are read from its time tiers at the usual duration.

APPENDIX B / LOCAL COMPARISON

13 of the report's 25 quotes are fair comparators.
